

Maskerade “Cool Down”

A sensorial customisable, biodegradable mask made from a sustainable cold process pectin, which is then allowed to dry and can then be cut to the required shape. It has been claim tested and has been shown to increase skin hydration by 58% after 10 minutes and in combination with a range of actives can be targeted at a wide range of skin imperfections.

Inside the Formulation

KOKO™ ML PLUS II

KOKO™ ML Plus II, a highly effective cooling agent. It delivers quick cooling response, long lasting, fresh cooling sensation. It also improves body odor, prevents sun damage and promotes wound healing for sun damage. It can be used in rinse-off formulations such as body lotions, hair shampoos, facial gels etc or in leave-on formulations such as sun care creams, skincare creams, body sprays, lip bars, deodorants, shave products, foot powders.
